Hi Carl --

The official list of coordinators is already available at ftp://ftp.ucsd.edu in one of the upper directories -- maybe /hamradio? So the resource is there. I think the biggest problem is that a number of the coordinators are pretty inactive, and the list doesn't get updated until there's a new volunteer on the scene to take over.

Brian Kantor, WB6CYT, is the coordinator coordinator for the whole ampr.org and amprnet spaces, and he maintains the list I referred to above.

Hi John -

Thanks for the input. I thought I had seen the list somewhere but sure couldn't remember where. I will wait a few days for more comments before I pass the info to Ken who made the suggestion.

Again, thanks.

Ken had written me about the same thing. I passed on Mike Kelly's
address to him since he also asked about South Texas contacts. Mike (out
of Corpus) gave me my IP addresses.

I went through the something here in VA... Lot's of buck passing before
I "accidently" found the coordinator who is only parttime active now..

Good luck..
